HEALTH DEPARTMENT

Sir,

Subject:- Tenders - Tender for repairs and supply of spare parts - Public Health lorry M.D.X 928 - waiving requested.

****

One of the conservancy lorry M.D.X. 928 was sent to one of the approved workshops for usual half yearly repairs to make it fit for brake inspection. First the cost of repairs was estimated to be Rs.300/- apart from the cost of spare parts etc required for the repairs and the sanction of the council was obtained for incurring the expenditure in council resolution No. 1275 dated the 11th August 1951 (copy enclosed)

When the work of repairs was taken up and machinery etc were examined, it was found that the cost of repairs would exceeds Rs.300/- more than the amount sanctioned by the council) and the actual cost of repairs including the cost of spare parts used, come to Rs.702- 7- 9.

Under the rules relating to the invitation of tenders, tenders should have been called for this as the total cost of repairs has exceeded Rs.500/-But this could not be done as it was not known in the beginning what all repairs are required and what all spare parts etc were necessary for carrying out the repairs. The different items o works and spare parts required could be judged only after the engine is opened. When once an engine of a lorry is opened in one garrage ather workshops do not give their tenders as it is not possible for them to examine the engine which is garraged in other workshop. Hence tenders could not be called for in the beginning.

Under the circumstances stated above the work of half yearly repairs to M D X 929 was entrusted to The Oriental Engineering Co.; one of the approved work shops. As all materials required were not available with them, they were purchased from Messrs P.V.Pai & Co and Mangalore Motor Sales Corporation Limited, Mangalore, authorised dealers for spare parts and supplied to the work shop for carrying out the repairs.

The council in its resolution No. 269 (34) dated the 22nd February.52 (copy enclosed) has sanctioned the expenditure and also resolved to address Government to waive the invitation of tenders

The procedure laid down in the statutory rules for calling tenders etc could not be observed for reasons explained above. It is therefore requested that the

that the Government may be pleased to waive the procedure laid down for calking tenders as a special case.

ASSISTANT SECRETARY 2148 19 MAR 1952 HEALTH DEPARTMENT

Sir,

Tenders - Tenders for repairs to supply of spare parts - P.H.Lorry M D X 819 -- waiving -- requested.

******

One of the Public Health lorries M D X 819 was sent to M/s Chandappa Engineering works which is one of the approved work shops for repairs to make it fit for the half yearly brake inspection. On a casual inspection of the lorry it was estimated that repairs would cost Rs.200 apart from the spare parts etc required and council sanction was obtained for incurring the expenditure vide council resolution No. 1830 dated the 15th December 1951.

When the machine was actually opened out it was found necessary to replace several items of spare parts to the extent of Rs.347-13-6. Apart from the above the originally estimated repairing charge of Rs.200 has actually risen up to Rs.223 due to the reason of effecting more work. The repairs were found necessary to make the vehicle fit for half yearly brake inspection. In all the present bill is for Rs.570-13-6.

The spare parts required could be judged only after the engine of the lorry is opened. When once the engine is opened in one work shop other work shops do not give tenders as it is not possible for others to examine the engine which is garraged in other work shop.

The council in its resolution No.269(3) dated the 22nd February 52 has sanctioned the expenditure and also resolved to address Government to waive the invitation of tenders copy enclosed.

The procedure laid down in the statutory rules for calling tenders etc could not be observed for reasons explained above. It is therefore requested that Government may be pleased to waive the procedure laid down for calling tenders as a special case.

Sir,

T e n d e r s -- Tender for repairs and supply of spare parts -P.H.Lorry MDX 662 -- Waiving -- requested.

One of the conservancy lorries MDX 662 was sent to the Central Engineering works, Mangalore for usual half yearly repairs to make it fit for the brake inspection. This is one of the approved work shops which the council has selected for repairs of the municipal lorries. On a casual inspection of the lorry it was estimated that repairs would cost Rs.300 apart from the cost of spare parts etc required for the repairs and council sanction was obtained for incurring the expenditure vide council resolution No.1276 dated th 11th August 1951 - copy enclosed.

When the work of repairs was actually taken up and machinery etc were examined it was found that the cost of repairs would exceed Rs.300 more than the amount sanctioned by the council and the actual cost of repairs including the cost of spare parts used come to Rs.626- 4- 9.

The spare parts required could be judged only after the engine of the lorry is opened. When once the engine is opened in one work shop other workshops do not give tenders asit is not possible for others to examine the engine which is garraged in an other workshop.

The council in its resolution No.269 (33) dated the 22nd February 52 - copy enclosed - has sanctioned the expenditure.

The procedure laid down in the statutory rules for calling tenders etc could not be observed for reasons explained above. It is therefore requested that the Government may be pleased to waive the procedure laid down for calling tenders as a special case.
